How Do Dinosaurs Say Goodnight?/Yolen

### Easy Readers/Beginning Chapter Books

Frog and Toad (several titles)/Lobel  
Henry and Mudge series/Rylant

Don't forget nursery rhymes. Rhymers are readers! Teach your student a nursery rhyme each week. Kids who know nursery rhymes learn to read more quickly and efficiently.

Kindergarteners also need to know basic concepts like up/down, left/right, front/back, over/under, heavy/light, over/under, etc. Try some of these things with your student.

You can also see if he knows basic body parts. It is amazing how many older kids don't know where their ankles and elbows are!
